PABLO BENGOA GUIRAU

Computer Engineering Student

About Me

Computer Engineering student at UFV specializing in Cybersecurity. Passionate about the "Information Wave" and building secure systems. I combine technical skills in HTML/CSS and Matlab with a strong human-centric approach, valuing teamwork, empathy, and continuous learning.

Contact

- @ 9503200@alumnos.ufv.es
- Madrid, Spain

Skills

- Technical:
  - HTML5, CSS3
  - Git & GitHub
  - MATLAB
  - Basic Cybersecurity
- Soft Skills:
  - Teamwork
  - Problem Solving
  - Adaptability
  - Empathy

Language

- Spanish (Native)
- English (Advanced)

Education

(2025 - Present)
UNIVERSIDAD FRANCISCO DE VITORIA
Degree in Computer Engineering
Specialization: Diploma in Cybersecurity & Ethical Hacking. Focus on software development and secure systems.

(2023 - 2025)
COLEGIO ZOLA LAS ROZAS
Bachillerato (Science & Technology)
Focused on Mathematics, Physics, and Technology.

Proyects & Interests

(2025)
PERSONAL ACADEMIC WEBSITE
Project Leader / Developer
- Developed a personal portfolio website from scratch using semantic HTML5 and CSS3.
- Implemented version control using Git and deployed via GitHub Pages.
- Designed a responsive layout focused on clean code and accessibility.

(Ongoing)
SPORTS & TEAMWORK
Boxing, Hockey, Football & Camino de Santiago
- Active practitioner of boxing, developing discipline, strategy, and resilience under pressure.
- Experienced in team sports (football and hockey), fostering communication skills and collaborative problem-solving.
- Completed the Camino de Santiago (150km in 7 days), demonstrating mental endurance and goal-oriented persistence.
